## OVERVIEW

## TRIBAL HABITS LEARNING PLATFORM

Tribal Habits' plans are simple, flexible and affordable. You can use our Starter Plan to pay monthly for actual active users each month, with no minimum contract. For larger usage, you can select our Team, Standard or custom plans (for larger organisations) which lock-in discounted rates for a 12 month period.

So you can have a Monthly Compliance plan for a small organisation requiring occasional compliance training for staff, or an Annual Creator and Development plan for a medium organisation wanting to combine best practices with ready-made management training.

- ✓ Based on 'active' users, not stored users. A user is active when they log in during a calendar month. You don't pay just to have users stored in your portal. Users are counted on their first login each month and can then have unlimited logins and explore unlimited topics each month.
- ✓ Free of any set-up or implementation fees. All Tribal Habits portals are free to establish. After your trial period is finished, you can switch to a paid plan or stay free (although you will lose many features and branding on a free plan).
- ✓ Able to access all features. All our plans have access to the same range of knowledge capture, transfer and reporting features. The plans differ only on number of users and contract length (monthly for Starter, and annual for all other plans).

**Have more than 200 active users per month?** We have a range of plans up to 2,000 active monthly users. Contact us to discuss.
